

Dispose of Unneeded Medicine at City Hall

News Release Date

12-01-2022

We Have Postage Paid Medicine Disposal Envelopes at City Hall

MED-Project is all about Medication Education and Disposal. Rather than flush your unwanted/unneeded medication down the toilet, where it can end up in our river, consider coming by City Hall and picking up a postage paid envelope for it. Your medicine can get properly disposed of this way and keep our river clean. For more information, visit [MED-project.org](https://med-project.org).
